

Inter-District Bilingual Conference in Russian and English languages "English in my specialty"

Cooperation of students with peers in the process of practical activity

Done by: Dmitry Dudin

**Instructors: Baryshnikova A.,
Startseva A.**

The aim is that we propose to speed up and revive the process of practical learning of life experience and learning the skills of proper dialogue with people in society, which determines the relevance of this practice.

Who can be a mentor for a student?

- A student or one who has experience in participating in The WorldSkills professional skill Championships, who can become a role model.
- Mentors spend quality time with the student and offer support, encouragement, and interest.
